Not a lot to say, but do we need to say much?

*Left: It's arrived!
The La-9's ASH 82FN
sitting in our shop with
the rear shrouds fitted
and waiting for the
mount to come back
from NDT.*

*Right: Derek
Smith fitting the
front air inlet
cowl iris.*

Don't ask how long! Engine should be ready to fit on the airframe by Friday. That's as far as we're looking ahead at this stage.

Regards
Garth
